

Contact Sport events: COVID-19 policy.

The health, wellbeing and safety of our members and guests is our main priority.

The below measures are in place to promote the health and wellbeing of attendees and staff. We look to your cooperation and support in helping to ensure that our events provide a safe and happy environment for all.

Self-assessment:

All attendees must undergo a personal self-assessment for any COVID-19 symptoms before attending an event. No-one should participate in an event if they have symptoms of COVID-19 including the following:

- A high temperature
- A new, continuous cough
- A loss of, or change to, their sense of smell or taste.

Anyone who displays any such symptoms should follow current guidance and arrange a PCR test.

By confirming your attendance at our events, you accept responsibility to perform this self-assessment immediately prior to your selected event.

Further measures:

Face masks are not required, this decision is up to attendees. Most of our events will be held in spacious, well-ventilated areas – often outside – with appropriate cleaning measures taken in advance, every time.

Hand sanitiser will be available at all events, and we encourage guests to use the gel on entry to the given event as a minimum.

Additional guidance for individual events will be shared on the event page, and in event-specific communications.

We thank you for your patience and flexibility as we manage events in this complex landscape and hope to see you soon.
